Air Force Rescue Coordination Center

Booth 53

30 Elm Street
Suite 116
Langley, VA 23665-2789
(757) 764-8118
www2.acc.af.mil/afrc

The Air Force Rescue Coordination Center operates the national search and rescue network ensuring timely and effective lifesaving operations. It is responsible for the execution of the National Search and Rescue Plan and mobilizes to support wartime combat search and rescue operations. The center provides Air Force instruction to the National Search and Rescue School and federal, state, and local agencies. It acts as the proponent for worldwide rescue coordination operations and reports directly to the Director of Operations, Air Force Special Operations Command

Alzheimer's Association

Booth 60

225 N. Michigan Ave
17th Floor
Chicago, IL 60601-7633
(800) 272-3900
www.alz.org

Alzheimer's Association Safe Return™ is a nationwide identification, support and enrollment program working at the community level. Safe Return provides assistance whether a person becomes lost locally or far from home. Assistance is available 24 hours, every day, whenever a person is lost or found. Safe Return assists in the safe return of individuals with Alzheimer's or a related dementia who wander and become lost.

PowerFlare Corporation**Booth 78**

6489 Camden Ave
Suite 108
San Jose, CA 95120
(408) 323-2371

PowerFlare Corporation exists to create and build superior products for public safety professionals and related applications. The PowerFlare[®] Electronic Beacon was invented with the objective of eliminating the fire hazard, difficulty in use, the toxic chemicals and needless cost of read flares. About the size of a hockey puck, non-toxic PowerFlares[®] offer visibility and safety, emitting a 360 degree light emitting diode array. PowerFlare[®] electronic beacons are visible from 3,000 ft away at night on the ground and 10 miles from the air. The purpose of the company's products is to help prevent accidents and to save lives
