    Kelly made motion to approve.  Dresnek seconds.  Approved by unanimous
    voice vote.

d. President’s Report

    Bell commented on positive accomplishments at the January meeting and stated
    he looking forward to a positive future.

    Bell requested that Board go into Executive Session at approximately 1:08 pm
    EST.  Executive session ended at approximately 1:16 pm and the Board resumed
    normal business.
e. Treasurer’s Report

Kelly has been in contact with Rob Brewer to discuss the Treasurers review and report. It was recommended that any variance greater than nine (9) percent be brought up before the Board.

Agenda Item 2
Subject: Special Orders (None)

Agenda Item 3
Subject: Executive Director Report (Boyer). Provided as Attachment 1 to Minutes

Brian Engberg, NASAR Education Director, has been brought on board for a ten hour per week employment to assist Boyer.

Dresnek inquired as to how Boyer had identified the top 5 Instructors that received recognition by NASAR. He noted that we could have one instructor teach a number classes but have very few students, or we could have an instructor that taught fewer classes with more students. Boyer explained that it is based upon number of classes taught. Currently we cannot track number of classes and number of students per class. It is possible that as we develop and populate a Learning Management System, we may have the option of incorporating more variables, but this is the best we can do for now.

Agenda Item 4
Subject: General Orders
- There are currently no hold over items from previous meetings

Agenda Item 5
Subject: New Business

Agenda Item 5A
Subject: Approval of Executive Director’s 4th Quarter 2015 management incentive amount.

Kelly addressed the process for the Board to meet our contractual agreement with Chris for a performance incentive.

Boyer indicated that the pay point is the end of the month following the quarterly period. He provided the history of the contract and how it was made retroactive to January 1, 2015. The first payment was made at the end of the 3rd quarter and the next payment was due and paid in February.

Kelly provided an explanation of the Executive Committee discussion and approval of the fourth quarter of Fiscal Year 2015 incentive amount.
**Agenda Item 5B**
Subject: Conflict of Interest Policy and Disclosure Form (Vorachek)

Vorachek stated that a draft version of the proposed policy and accompanying form has been distributed to Board members for review. This policy was based upon the Internal Revenue Service model policy as found in Reference: Article III, Procedures, IRS Publication “Instructions for IRS Form 1023”, June 2006.

Vorachek explained purpose of the proposed policy and recommended that it be placed on the March Agenda as a requested Board action.

**Agenda Item 5C**
Subject: Board Roles and Responsibilities document (Vorachek)

Vorachek discussed some of the emails that various Board members have participated in regarding the need to ensure that future candidates for the Board have a good understanding of what is expected of them should they be elected. This document was developed to provide potential future as well as current Board members with a common picture of some of the key items for which the Board members are responsible. The draft has been distributed to the Board for comments. Vorachek stated that this should be placed on the March agenda for action by the Board.

Kelly offered to assist in any way she could to help in the development.

Vorachek explained his vision of the process to recruit prospective Board members. Beginning with this election year, prospective candidates will be expected to complete a standardized candidate statement that provides more specific information regarding their personal and professional background. This is called for in addition to the 250 word biographical narrative we have depended upon in the past. Both of these documents are called for in paragraph B, Section 4 of Article VI of our Bylaws.

Vorachek has the action to finalize a draft of a candidate statement and distribute it to the Board for review and action.

Bell noted that this must be in place and distributed to interested persons to allow them to complete and submit prior the required date for closing of nominations and submittals on June 30th (Paragraph C, Section 4 of Article VI, NASAR Bylaws)
**Agenda Item 5D**
Subject: Member Certification and Member Instructor/Lead Evaluator Cards (Boyer)

Boyer provided an overview of a plan to provide a new membership card. We are running out of the cards, which we purchase in bulk. For the next batch purchase, he has developed a new design which has been provided to the Board.

Boyer provided an overview of the proposed certification card. The card has been reviewed by our legal counsel. Boyer is preparing a policy and possibly procedures to govern the issuance of the card. The card will be for members only. He is examining the price point at which the cards can be purchased and sold with a small profit to NASAR.

Dresnek commented on the potential financial impact to the members. Boyer responded that the certification card would be an optional item for a member to purchase only if he or she desires to do so. It would not replace the membership card.

Vorachek explained that he is concerned that we might have a surge in applicants for the card and may need some temporary help to process requests. Given the current workload of both Boyer and Wingerd, we should not expect them to handle a significant surge for the cards.

Kelly brought up that this type of card might be valuable for canine and mounted members especially when the animal must be transported across jurisdictional boundaries.

Bell noted that he has a concern about the issuance of the cards consuming Boyer’s and Wingerd’s time being diverted from other critical business activities.

Boyer provided a description of how the cards are produced by a commercial vendor. There is a vendor that provides a high quality product with a hologram and is designed to be tamper proof. A NASAR representative would only have to log on to the provider’s web site and enter the NASAR data and upload a photograph. The provider issues the card in final form.

**Agenda Item 5E**
Subject: Roberts Rules of Order books (Vorachek)

In order to ensure that all BOD members have an opportunity to review and consult the Roberts Rules of Order, the Secretary is proposing that a motion be passed to have the ED procure copies and distribute to BOD members. On line purchase price is estimated at less than $15.00 per copy plus an amount for mailing. Total cost of approximately $105.00.
No motion was proposed, however there was general agreement that this is a good idea. Vorachek and Boyer will review the various versions of the Rules and determine which product should be purchased and distributed.

Agenda Item 5F – New Business

a. Boyer brought up the advisory board idea that was discussed at the January meeting. He questioned what the board would do to assist NASAR and how they would to that.

Vorachek provided comments regarding the possibility of using the State SAR Coordinators in more of an advisory capacity. He indicated that since NASAR is no longer hosting a national SAR conference, it may be more difficult for the SAR Coordinators to justify travel to a one or two day meeting not connected with a conference. He outlined the possibility of NASAR arranging for a meeting at the Missing and Unidentified Persons Conference in Atlanta. NASAR is a co-sponsor of this conference and this may be a venue that would benefit the SAR coordinators with an opportunity to hold a meeting. The meeting might be arranged by NASAR with a fee for SAR Coordinators that would be established to defray the costs.

b. Fontaine asked that a statement be recorded in the minutes to offer thanks to Boyer, Kelly, and Vorachek for recent efforts in developing some programs.

c. Kelly asked that the Board continue to develop some form of succession plan for Board membership.
